**MARCH 2020 – GOOD NEWS**

**Update with TRUSTEE MARGARET TSAI**

Maturing is an on-going process that may include situations that

amicable as well as unpleasant experiences at the same time.

Who is to

judge right and wrong? One incident may be interpreted different ways, all depending on the many points of view and how many people are involved. Involvement can include being physically present or mentally imagining based on how others described the incident.

Book One, The Kei Lin Story, “A Never-Ending Journey” covered more than ten years of my maturation process. Now I am continuing that process with Book Two. I have adopted the American way of life.

With my own unique international orientation, I am exploring the identification and availability of specific commercial products that will excite the fashion Industry such as patch work Lace incorporated into everyday clothing (Danish Solvang).

Another area is to improve recipes to the AEVAL SCHEVERS by changing ingredients to make the dishes more nutritious as well as lighter.

## QUESTION: Why?

**ANSWER: Every day is a challenge. Meet that challenge with a smile and a positive attitude!**
